

Physical Education Sportfolios

Sportfolio packets are used for any student out on a medical from Physical Education for more than two classes and/or for any student that may be on home tutorial for any reason.

One packet will need to be completed thoroughly for every four classes out of Physical Education.

Each packet will be graded as follows out of a possible **100 points**:

Short Answers: 6 points each. All answers must be in **complete sentences**. Minus 1 point for incomplete sentences. Partial credit can be given depending on answers (some have multi-part answers).

Crossword and Word Search: 1 point for each question. Must be filled in and all words must be found in word search.

Late Work: Each day that the sportfolio packet is late will result in a **10 point deduction** from the score of the packet.
